

# WellieWisher Trick-Or-Treat Bag

Top

1. Place pattern on the fabric with the bottom along a fold and cut one.
2. Open the fabric and lay flat. Fold one top end over along the dotted line (wrong sides of fabric touching) and hem using 1/4 inch seam allowance. Repeat on the other top end.
3. Fold fabric back in half so that the wrong side of the fabric are on the outside, right sides touching inside. Sew down along both sides of the bag, the orange lines.
4. Optional, create a little triangle along the bottom of each corner of the bag and sew. This gives the bottom of the bag a little flat bottom. See picture below.
5. Take ribbon and sew approximately where the stars are on the pattern. Repeat both sides.
6. Turn the bag inside out and you should be finished! Hurray! So cute!

Cut two ribbons or ric-rac each 6.5 inches long.
